

On both November 11th and 18th, Convergence teamed up with Mt Hood's Habitat for Humanity on the Don Buss House Project, located on 84th Ave. and Clinton St. This is a fundraiser home that will be sold on the open market. All profits will go towards one of their many future projects, Jubilee Commons.

Jubilee Commons will be a 22 unit condominium community with a community center located on 197th Ave and Burnside. It will house 22 families. Mt Hood Habitat for Humanity is set to break ground after the New Year and anticipates that the project will take up to three years.
